Torkzadeh, G. and W.J. Doll, The place and value of documentation in end-user computing (3) 147

Yoon, Y. and T. Guimaraes, Selecting expert (4) 209

Zuurbier, J., *see* K. de Ruyter (5) 247

Information & Management 24 (1993) 353–354
North-Holland

Subject Index to Volume 24

Application areas 83
Artificial intelligence 267
Artificial neural network 209
Assistance 147
Automated tools 61
Automatic teller machine 53
Availability 203
Availability evaluation 203

Back-propagation 159
Back-propagation algorithm 1
Bankruptcy prediction 159
Bibliometrics 339
Business schools 183
Business value 267

CASE tools 61
Career decisions 23
Career paths 23
Case study 225
Case-based reasoning 209
China 283
Citation analysis 339
Client server 267
Commercial supercomputing 291
Communication of research 339
Communication patterns 9
Communication scope 9
Communication tasks 9
Computer capacity planning 171
Computer mediated communication 9
Computer security 53
Computer usage 183
Connectionist models 1
Consulting 147
Cross-validation 159
Customer Information Systems 247
Customer service 247

Data base management systems 283
Data model 93
Data quality 267
Decision confidence 71
Decision making 71
Decision quality 71
Decision speed 71
Decision support systems 283
Definition 225
Design tools 61
Developing countries 283
Difference 225
Diffision of MIS research 339
Diffusion of IS research 339
Distributed database 267
Distributed database management system 203
Document representation and manipulation 93
Documentation 147

Electronic mail 9
End user computing 41, 147
End user developed systems 41
End user system development 1
End-user satisfaction 147
End-user support 147
